Here are some of our recommendations to help ensure your party goes as smooth as possible!

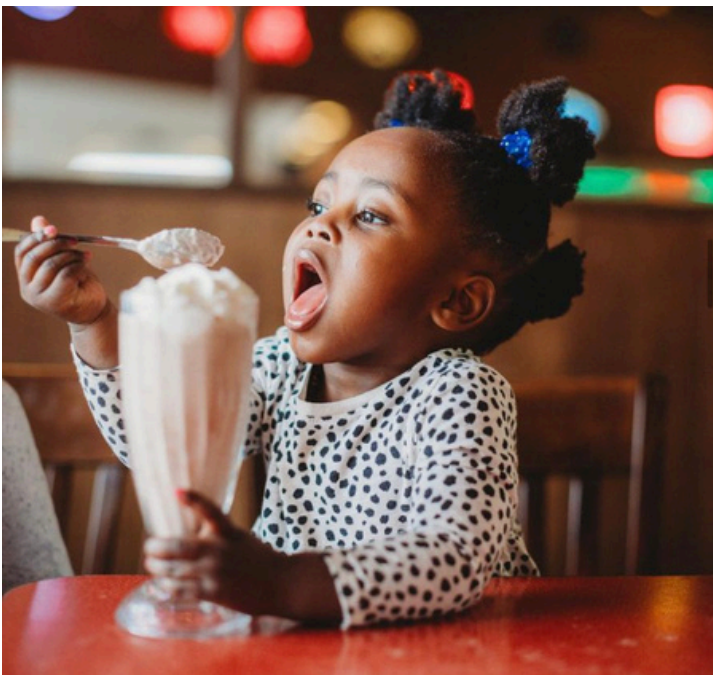

# RESERVATIONS

We are now accepting reservations for birthday parties expecting 6+ guests.

*We will have you fill out a quick form that lets us know the date, time, and expected headcount!*

You will have a dedicated host to help you with anything you may need.

*Your host will be dedicated to serving your party for an hour and a half. Along with doing all of the set up & clean up for you, they can help refill drinks, bring the food to the tables, provide extra condiments, and more!*

# ORDERING FOOD

You have two options!

## Place a preorder

*Let us know at least 72 hours in advance what you'd like. We will make sure it is ready at a specific time. To place a preorder, please request an order form from us.*

*You will be required to fill out our credit card authorization form. We will not charge your card until the morning of your party.*

## Order upon arrival

*With a reservation, there is no need to wait in line, simply place your order with your assigned host.*

*Please expect a 10+ minute wait while we prepare your food.*

*However you decide to order, we invite you to build your burger, your way at our fresh produce and condiment bar! In addition, create and customize your perfect drink, with over 100 flavor choices and combinations available at our Coca-Cola Freestyle machines. Alternatively, your designated host will be happy to assist!*
